**EXPLORING LEGO SERIOUS PLAY: A FACILITATIVE  
TOOL FOR EDUCATORS AND TRAINERS**

**\*THIS WILL BE A  
VIRTUAL  
WORKSHOP\***

## **OVERVIEW**

By the end of this workshop, participants will be confident in using LEGO Serious Play as a facilitative tool and understanding its application in various educational and training settings.

This workshop aims to give participants a comprehensive understanding of LEGO Serious Play and its applications. Through hands-on activities, discussions, and practical examples, educators and trainers will leave the session with the confidence to integrate LSL into their facilitation toolbox effectively.

Sasi KUMAR started in the Adventure Learning industry in 2009. He holds a Diploma in Outdoor and Adventure Learning and has gained much exposure from youth development and corporate organizations. His desire for continuous learning and passion in this industry propels him to drive corporate programs and share similar perspectives with others. He has worked with various organizations, including schools, private and public institutes, MNCs, and SMEs. His biggest motivation in this industry is the participants. Seeing participants enjoying themselves, picking up new knowledge, and applying it back to the workplace gives Sasi a great sense of satisfaction, even if the time spent with each participant is short.
